2021 - A New Year

2020 has been a year unlike any other. The world has seen great change, and we have all been forced to adapt to new realities. We have faced uncertainties and rapidly changing circumstances. At Birthright, we have had to innovate our services, and how we deliver them to ensure that our clients' needs continue to be met. When 2019 ended we had survived a flood that required a new floor, walls, and paint. Then came 2020. We had resolved to stay open even for a little while every morning. We are reminded during these times that many of our mothers feel stress of uncertainty year round and with the Covid they ask themselves if they should even have the baby. We are dedicated to bringing support and hope to our moms and their babies.

We are fortunate to be surrounded by our community that recognized the importance of Birthright. Our shelves emptied quickly when we stayed open and we saw the grocery shelves were empty as well. What to do? We made a few calls to churches of different dominations and we were/are blessed beyond our dreams. The supplies came in which we shared with the clients. They could have this baby with our help to supply them.

One way we changed is our classes. We couldn't meet because of social distancing. The English class started back because there aren't as many but the Hispanic class was too large to meet. We found an online Spanish class that the women are signing up for. There is a monthly cost but it keeps the women funded with points to get more items. They just need to participate

Look for the silver lining in the days to come. God is still in control. We give Him all the glory..

You can't go back and change the beginning but you can start where you are and change the ending."

From a Thankful Grandma

One of our volunteers received this sweet note at Christmas. (Permission was given to share the note and the picture.)

I thank you for your work at Birthright. For saving unknown amounts of innocent lives with your words, help and grace. You may be the reason I have two granddaughters since my daughter went to Birthright seeking answers and was given the RIGHT ONES! My granddaughters are my life, my blessings from God.

"I'd rather be known for saving babies from abortion than winning the super bowl." -Tim Tebow

Thank you Lone Star College for another wonderful donation of needed baby items! These ladies continue to support us through their efforts in collecting through the year.

Sharing our heavy winter clothes with the orphans in Romania.

A blessing of blankets from Kingwood Bible Church's blanket collection

1973 Abortion became law in the United States.

Over 48 million babies have lost the right to be live.

The new administration is very pro-abortion... Pray for these little lives and the lives of the mothers.

Families help with donations during baby bottle boomerang. All that means is they pick up a bottle and fill with coins, bills, or checks. Thank you to all that participate in this.

From Our Files:

- 1. A mother called wanted to know if there was any way she could stop her daughter from getting an abortion in Mexico. The daughter has an appointment set up for the next week following this call. She is in her 24th week. The mom is fearful that nothing will stop her daughter that is already in Mexico.
- 2. A woman came into the office for a test. She just had an abortion 6 weeks ago. She claimed that she bled quite a bit but has a new boyfriend that she is hoping to be pregnant with his baby. Using the abortion date and the test was positive, she would be 2-3 weeks. Could this be HCG hormone from the last pregnancy? It is hard to wrap your mind around the lack of emotion for the end of one pregnancy and the excitement of a possible another pregnancy because it's with another man.
- 3. A woman's test was negative. From the moment she came in it was "I can't have this baby". She is married but has been with another man. She and her husband haven't had sex in 6 months so she knows it couldn't be his. Maybe she wanted the marriage to work? When the volunteer came back into the office she heard her on the phone with the husband and he was yelling at her because she left something on the floor. He is verbally abusive and has been unfaithful. Please be in prayer for this woman and child's situation.
- 4. Parental support for young women is so important. Our client wants the baby, has had an ultrasound but her mother and her boyfriend DO NOT. The only person supporting her decision is us. So far she has stayed strong.
