

Tiny Voices

SUMMER 2019

Lyrics from the Movie *Unplanned* by Matthew West

A Publication of Birthright Humble

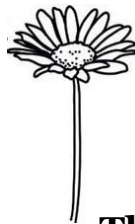

I'm looking at a masterpiece
I'm staring at a work of art
I'm listening to a symphony
In every beat of your tiny heart
You used to be a choice to make
But now I think you've chosen me
'Cause I see ten fingers, ten toes
Two eyes and I know this is meant to be

Oh I don't believe in accidents
Miracles, they don't just happen by chance
As long as my God holds the world in his hands
I know that there's no such things as unplanned

Broken turns to beautiful
I see you right before my eyes
And every single breath you breathe
Is destiny love has brought to life
I thought it was my story's end
But now the future's all I see
Instead of asking who you might've been
I'm wondering who you're gonna be

Cause I don't believe in accidents
Miracles, they don't just happen by chance
As long as my God holds the world in his hands
I know that there's no such thing as unplanned

Every life deserves a voice
Every child deserves a chance
You are more than just a choice
There's no such thing as unplanned

From Our Files

Two high school girls came in very upset. Only one needed a test, the other was a support friend. The one said she was raped. This wasn't someone she knew but only through a friend. She thought he was cute and allowed herself to be alone with him even though they had just met. They began to make out, it was fine at first but she allowed more than just kissing and then he didn't stop. She got STD testing, has visited a counselor, made a police report, and has taken pregnancy tests because her cycle did not come. The stress of this horrible situation caused the delay of her cycle. Her cycle was over a month late and she was stressing even more but all her tests were negative. We suggested a blood test and made arrangements for her. The next day she was a completely different girl. The blood test was negative. Her appearance was uplifted and her countenance was happier.

A past client came in only to receive a form that she had a test with us and it was negative. This was for a job application. While getting the form, she shared that the volunteer that was there for her a year ago had saved her life. There was this job that she wanted but then found out she was pregnant, she told the volunteer she would get an abortion. After sharing with her the effects of abortion and God's love for her, the young lady left and now came back to say how if she had gone through with the abortion she wouldn't have been able to live with herself.

Did You Know?

- 1) Ohio defunds Planned Parenthood
- 2) Mississippi passed a law no abortions after heart starts beating
- 3) Iowa Senate passes bill defining a baby before birth as "unborn person".
- 4) The Texas SB 22 was passed that stops state funds flowing to abortion providers. It would also stop cities and counties from using local tax dollars to benefit the abortion industry.
